Product Notes:

1. Manufacturing process, temperature and humidity may have physical impact and effect on yarn, fibre and colour. These effect and impact have been duly considered in determining our product's specification and such specification may vary according to industry and manufacturing process tolerances.
2. Tufted Face Weight corresponds to the overall weight of yarn used in tufting process. Lower finished yarn weight in every end product may be the result of such tufting and shearing processes.
3. These specifications reflect mean averages based upon tests of production runs of this carpet style by independent laboratories. A range of variances is implicit in the testing process. Furthermore, the standard test methods established to derive the specifications lack a degree of precision and repeatability; therefore, individual test results on the actual carpet purchased may differ from the specifications above.
4. Slight difference in colour may appear in each production batch as a result of the usage of different dye lots.
5. The manufacturer may, without prior notice change the backing or other materials upon shortage of such backing or materials or upon availability of technical advancements which may result in the improvements towards the end product's performance.
6. All products are 100% recyclable.
